"Few people know of him... Yet hundreds of millions of people are alive because of him." 'The Man Who Saved the World' tells the gripping true story of Stanislav Petrov - a retired Soviet military officer who single-handedly averted a full-scale nuclear world war, but now struggles to get his life back on track... before it is too late. An epic and grand Cold War thriller that sends shivers down your spine and shows us just how close we came to Apocalypse.
